There will be two blocks (morning/afternoon) of activity, almost every day – which make it possible for every participant to try all the activities in the program. We will also try to offer two guided tourist tours.
- **Mandatory program for seniors:** The participants need to follow the program (and not to drop in and out) – just like in the competitions/championships. Local people or others (who is not registered) cannot participate in the program – just like it's not possible to join the championships.
- **There is scheduled one day without activities:** It can be used for tourist purposes or to visit some of the competitions and championships.

Activities for “Sport for all – senior 55+” – WSG 2025, Loutraki, Greece

Attention: The final program will be available right after the CSIT Congress, which will take place from 14 to 20 October 2024!

- **Walking Football**

Soccer as you know it – but the rules are adapted so everybody can participate. You are not allowed to run under any circumstances and running will earn you a penalty. It's a very funny game, and it will for certain make all participants both breath or laugh. We will learn the game and play a small tournament for fun

Walking Football Tournament:

In addition to the senior program, we also invite you to a senior walking football tournament. The teams consist of 5 players and 1 substitute. The 5 most important rules of the game are: - Walking instead of running (one foot is always on the ground). Play without physical contact. The ball is only played up to a height of 1 meter. No goalkeeper. Fun and fair play come first!

- **Pickleball**

Pickleball is fun, social and friendly! The rules are simple, and the game is easy for beginners to learn. Pickleball is a racket or paddle sport in which two players (singles) or four players (doubles) use a paddle to hit a perforated, hollow plastic ball over 0,8 [m.net](#) until one side is unable to return the ball. It is played on a badminton court. We will learn the game and play a small tournament for fun

- **Different kinds of gymnastic**

We will present different kind of gymnastics for seniors. There will be exercises for everyone and many will challenge your coordination, balance and strength. You will need to cooperate with your teammates and have fun in the meantime. This lesson is also great inspiration for instructors who work with seniors.

- **Catch´n & Serve (volleyball adopted to seniors)**

Catch´n serve is a team ball game resembling volleyball. It is played by two teams of 6 players in a volleyball court with a volleyball net. The object of the game is to pass the ball over the net to ground it on the opponent's court, and to prevent the same effort by the opponent. We will learn the game step by step and in the end we will play matches against each other. It is fun and everybody can participate. The difference from volleyball is that it is allowed to grab the ball and then throw it either to your teammates or over the net

- **Krolf**

The name Krolf is a combination of the Danish words 'kroket' (croquet) and 'golf'. We often claim that Krolf is half croquet – half golf and all fun. You use the equipment from croquet - club and ball - and play a golf-like game on a lawn with holes. It is a quite simple game, actually. The rules are simple and you can play without any further ado. No need for speed, no need for strength, no need for years of training, but training does improve your game. The course usually has 12 holes with distances from 5 to approx. 30 m with uneven ground as obstacles. Krolf is a very social game with a lot of fun, and it's especially suitable for the elderly people

- **Funny games and historical game**

FGST (France) have published a book with a collection of 55 funny seniors games: <https://www.editions-sportpopulaire.org/product-page/des-jeux-et-des-activit%C3%A9s-sportives-pour-les-seniors>. The purpose of the games is to affirm that seniors will do sport more easily if it's fun.

During our activity time, we will present some of the games. You must be fast, clever and build a strong teamwork with people from all over the world.

In addition, some "historic games" will be presented

- **New Games - cooperative games without competition**

The 'New Games' are a mix of cooperative and noncompetitive games. The goal of the New Games is the cooperation and the loss of the elements of competition, the main element is working together. Very important are also the participation of all the members of the group, no exclusion, acceptance of all, creativity, and having fun.
